HOC SIGNO FORTUNA.

BALTIMORE, FRIDAY, January 23, 1824.

The Capitals still undrawn.

Yesterday's drawing of the GRAND STATE LOTTERY was an extraordinary one.—Previous to commencing, the 20,000 dollar prize was deposited in the wheel by the Commissioners, agreeably to the scheme, and in the presence of a very crowded assemblage. The drawing then began—expectation was on tiptoe—still the capitals remained in, and the drawing concluded without a single prize coming out higher than *One Hundred Dollars*, thus much enhancing the value of the tickets, and greatly encreasing the interest already excited in the scheme, the wheels being so very rich in capitals, of which there are NOW FLOATING the 20,000—BOTH the 1,000's—the 5,000—8 of 1,000, &c—besides which the great Capital of ONE HUNDRED THOUSAND DOLLARS is also yet undrawn.

Within our recollection there has never occurred so splendid an opportunity of making investments, and we hope our distant friends will avail themselves of the time allowed by the Commissioners previous to the next drawing, in order to furnish themselves with tickets or shares. *Present rates. viz.*

Tickets, - \$15 00 | Quarters, - \$3 75
Halves, - 7 50 | Eighths, - 1 87

Orders from any part of the United States, either by mail (post paid) or by private conveyance, enclosing the Cash or prizes in any of the Baltimore Lotteries, will meet the same prompt and punctual attention as if on personal application, addressed to J. I. COHEN, JR.—BALTIMORE.

The 19th of Next Month.

At this very interesting period of the drawing of the GRAND STATE LOTTERY, when the wheels are so highly attractive, the Commissioners, yielding to the wishes of numerous distant adventurers intending to renew their small prizes after each drawing, will allow until the 19th of next month, (February) for that purpose; during this interval those not yet supplied will have the opportunity of supplying themselves by forwarding their orders without delay to COHEN'S OFFICE, where the most prompt attention is paid to all letters either for whole tickets or shares, and where the CASH is instantly paid for prizes the moment they are drawn.

Payment on Presentation.

Ticket No. 8083 (sold at COHEN'S OFFICE) which came out on the 15th drawing of the STATE LOTTERY, a prize of ONE THOUSAND DOLLARS, was presented a few days ago. Payment as usual was instantly made.

UNITED STATES AND 'HOLY-ALLIANCE'

On Monday before last, the President of the United States transmitted to Congress a message in the following words:—

To the House of Representatives of the U. States.

In answer to a resolution of the House of Representatives, of December 24th, requesting the President of the United States to lay before the House such information as he may possess, and which may be disclosed without injury to the pub-

good, relative to the determination of any sovereign, or combination of sovereigns, to assist Spain in the subjugation of her late colonies on the American continent, and whether any government of Europe is disposed or determined to oppose any aid or assistance which such sovereign, or combination of sovereigns, may afford to Spain for the subjugation of her late colonies above-mentioned; I have to state, that I possess no information on that subject, not known to Congress, which can be disclosed without injury to the public good.

JAMES MONROE.

THE TREASURY OF THE U. STATES.

The annual Report of the Secretary of the Treasury has been transmitted to Congress.—The precise account of the actual Receipts into the Treasury during the three first quarters of the departed year (1823), are ascertained to be \$16,174,035, and the receipts for the 4th quarter of the same year are estimated at \$4,270,000, making a total nett revenue for the year of \$20,444,035: and, with the balance which was in the Treasury on the first day of that year, making a total amount of \$24,681,462. The expenditures during the three first quarters of the same year, were \$11,422,847, and the expenditures for the fourth quarter of the same year are estimated at \$3,894,559, making a total expenditure during the last year of \$15,317,407, and leaving a balance in the Treasury on the first day of the present month, estimated at \$9,364,055.

Besides the usual statements of the past, and prospective estimates of receipts and expenditures, &c. the report contains two specific recommendations: one, that the surplus in the treasury be applied, under certain limitations to the purchase of the 7 per cent. stock of the United States, amounting to \$8,610,000: the other, that provision be made for paying the amount adjudged to claimants under the Spanish treaty, by the creation and sale of stock bearing an interest of five per cent. per annum, redeemable in the year 1832.

And at the Meeting of the Directors held at the banking-house, on the evening of the 6th instant. NICHOLAS BIDDLE was unanimously elected President for the ensuing year. The following gentlemen have been appointed Directors of the Bank of the United States, for the ensuing year, by the President of the United States, viz: Nicholas Biddle, Manuel Eyre, of Philadelphia; E. I. Dupont, of Delaware; Henry Eckford, of New York; and John M'Kim, jr. of Baltimore.

Latest Foreign Intelligence.

The late arrivals from Europe do not furnish any important articles of news:

ENGLAND.—The ships now in commission are fully sufficient to protect the freedom of commerce in the new American States, and there are five times as many ready to be brought forward, should M. Cheauteaubriand require it. There are now in commission the Britannia, 120 guns (well known to Frenchmen); Prince Regent, 120; Queen Charlotte, 120; Ocean, 104; Ganges, 86; Rochford, 86; Cambridge, 86; Albion, 82; Bulwark, 82; Gloucester, 82; Ramlles, 78; Revenge 78; Superb, 78 Windsor Castle, 78; Spartiate, 78. There are also in commission five ships of one deck, carrying 60 guns each; there are 21 heavy frigates of 44 guns each; there are also 21 ships of 24 to 32 guns, 56 sloops, 26 gun brigs and schooners, and 5 yachts.

Washington Irving is reported to have collected materials for a very interesting work, during his recent tour in Germany.—He sojourned some time at Versailles, before returning to England, where he met several choice English spirits, who at present reside in that once celebrated and gay city, and who continue periodically to supply works of imagination and criticism to the popular reviews and magazines in London.

Lord Byron, at the last advices, was in the island of Cephalonia.

Liston, the comedian, has lately received a bequest from a distant relative, who admired his talents, of £9,000.

The construction of the Penitentiary of Geneva is nearly finished. It is in imitation of those in the United States and will form a striking contrast with the system of confinement followed in most of the Swiss Cantons, in which the progress of civilization has not affected any sensible improvement.

Northern Expedition.—It is in contemplation to send out two land expeditions to assist in the discovery of a North Western Passage; one is to be commanded by capt. Franklin, and to proceed by the same route as formerly undertaken by Mackenzie, and the other to ascertain whether there be not a continuity of land between the Wager and Coppermine rivers. Captain Lyon, we understand, has volunteered his services for the latter undertaking, which is not as likely to be interrupted as the former.

FRANCE.—The Duke d'Angouleme entered Paris, on the 2nd of December. He was accompanied by the different members of the royal family, and received with great pomp and show of rejoicing.—The Mayor delivered an address, the Dames de la Halle formed a body to present flowers, and the Charbonniers and other similar bodies, offered his Royal Highness a bouquet of silver. A salute of 21 guns from the Hospital des Invalides, announced his arrival within the walls of the capital.

SPAIN.—All accounts concur in representing the financial, not less than the political state of this kingdom, as full of difficulties.
